

Catholic Campaign for Human Development Grant Summary

The funds collected during the CCHD weekend have gone to help a wide variety of organizations in the Monroe County area. We have been able to support groups such as the Coffee Connection that trains and employs formerly incarcerated women. We have supported a variety of immigrant groups such as Mujeres Divinas which is a group of immigrant women who educate and empower other women to understand their rights and help them out of potentially dangerous and unhealthy relationships and circumstances. Rochester Alliance of Communities Transforming Society (Roc/ACTS) has been a staple in our community for a number of years, working on a grassroots level on issues like education and police reform along with ways to address root causes of poverty and lack of access to jobs. Teen Empowerment teaches and empowers teens how to reach out to their peers and community members to address core issues facing their community. Without your generous donations, we won't be able to empower these groups that are looking to make real systematic change in our communities.
